

## To You With My Love

You glued back my shattered life,  
and dried my many tears.  
You soothed my broken heart,  
and took away my fears.

You turned me in the right direction,  
and put my life back on track.  
You were always there to cheer me on,  
no matter what the facts.

You were there when I needed a friend,  
and took away my lonely days.  
You have been a mother,  
in so many different ways.
